Filippo Gin

I'm a digital product designer with 7+ years of experience having worked with various types of clients, from big corporations to small and agile startups. I help them build their products through design, research, and testing.

WORK EXPERIENCE

Staff Product Designer
StreamYard (Hopin)
Remote – 2023 (current)
streamyard.com

Leading the design of key features for the SteamYard Studio and the vision for the mobile Host App, the two main product touch-points where streamers and podcasters create content and engage their audience.

Senior Product Designer
Hopin Events, StreamYard
Remote – 2022 (2 years)
hopin.to, streamyard.com

Owned event organizer analytics pre-to-post event, partnered with product teams, brought consistency for data visualization across the platform. Revamped the entire analytics suite, reducing UX friction and navigation.

Senior Product Designer
Delivery Hero
Berlin – 2021 (1 year)
deliveryhero.com

Partnered with the executive team to craft a unified product vision and develop best-in-class food delivery product playbooks that impacted users across 74 countries.

Senior User Experience Designer
Design Group Italia
Milan – 2018 (3 years)
designgroupitalia.it

User Experience Designer
Milan – 2017 (1 year)
